

## RR-160 SINGLE-REEL CABLE TRAILER

Load and unload cable anywhere with a Stellar® RR-160 Single-Reel Cable Trailer, featuring a low center of gravity and 12V electric brakes for easy handling on the road. The robust and reliable 6,000-lb-capacity trailer comes standard with two manual hydraulic pumps for leveling your reel on uneven terrain, making it perfect for utility and telecom projects. An optional cordless drill pump is available.

## ADDITIONAL INFORMATION

### Standard Equipment:

- Two manual hydraulic pumps
- Bolted-on drop-leg jack
- 12V electric brakes
- Breakaway kit
- LED lights
- Painted with an attractive, high-gloss powder coat paint designed for durability
  - Color choices include yellow, black, white and orange
  - Other color options are available — call for pricing
- 7-pole RV plug or 6-pole round electrical connector and safety chains
- Two pumps for uneven terrain reel adjustment
- Low center of gravity
- One-person operation
- Various spool sizes
- Choice of hitches and electrical connectors
- Ability to carry two small reels for versatility at no extra cost

### Optional Equipment:

- Cordless Drill Pump: Eliminates hand pumping and significantly reduces reel-loading time — able to raise a 2,000-lb reel from the ground to a loaded position in under 25 seconds.
